Greg's wife, Camille, also attended.

On Wednesday, January 18th, members of the Marlborough Economic Development Commission honored former long term chairman Gregory Servodidio. He led the commission through eleven years of work in a wide variety of activities towards the goal of making the business park shovel ready, collaborating with the land use commissions on the revitalized town center regulations, participating in community events such as Marlborough Day and business expos and much more.

The plaque read: Presented to GREGORY F SERVODIDIO By the members of the Marlborough Economic Development Commission In recognition of his vision, hard work, and skilled leadership as member and chairman of the Commission 1999-2011

The Marlborough EDC is searching for three alternate members. If you're a Marlborough resident or local Marlborough business owner interested in serving on this commission, please send a letter of interest to First Selectwoman Cathi Gaudinski at firstselectman@marlboroughct.net or you may contact your respective town committee about your interest.
