

Welcome to the Town of Marlborough Economic Development Commission. Whether you are a business looking to relocate to or expand in the Town of Marlborough, a resident interested in supporting our local merchants or a visitor, there is something here for you.

The Town of Marlborough is currently undergoing a dramatic transformation from a small, rural community to a thriving, affluent suburban municipality. Marlborough welcomes businesses large and small that desire to be a part of this exciting time in our history. We are here to facilitate the growth of our valued business community in a manner consistent with our Marlborough's shared values. Contact our Director of Planning and Development [Peter Hughes](#) or any member of the Economic Development Commission so we can welcome you to our business community.
