

You Are Invited!

Please join representatives from the CT DEEP Division of Forestry for a guided walk through of an area scheduled for an upcoming forest product harvest at Salmon River State Forest. Natural resource managers from DEEP will lead RSVP'd attendees on a tour of E-1090, an upcoming forest regeneration operation being implemented by DEEP to regenerate a new cohort of oak and other hardwood species. We will also discuss the specifics of the harvest planning process, forest growth and climate benefits, and steps which will be taken to protect the site while accomplishing the desired silvicultural objectives.

When: Friday, January 6th

Time: 4-5 PM

Where: Salmon River State Forest: Day Pond Block – Town of Marlborough

Meet: Attendees can meet at the small pull off parking area at the end of Quinn Road

RSVP (Required 48-hours prior): Nathan Piché

E-mail: Nathan.piche@ct.gov

Phone (Mobile): (860) 306-9597
